

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

The purple sweet potato kwetiau is a new innovation in the kwetiau variety that is healthier and gluten-free. The main ingredient of this product is purple sweet potato. This kwetiau has a texture that is quite similar to regular kwetiau and has the same taste, but with a slight distinctive aroma from the purple sweet potato flour. This product contains 200 calories per 100 grams and is rich in various vitamins and high in fiber. The price of this product is Rp 20,000. I hope this product will be liked by many people.

5.2 Suggestion

Further research and development are recommended to improve the shape and overall consistency of the purple sweet potato kwetiau, to optimize the production process, and to achieve a more aesthetically pleasing shape. Additionally, the color of this product is considered too dark. Hopefully, this product will continue to improve in the future.
