

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

#### **5.1 CONCLUSION**

In this new era of globalization the culinary world is highly developed. Also because of the globalization nowadays people tend to use something quick more than something that still need to be process. That's why we create another substitute product for fresh lemongrass which is lemongrass powder.

There's no boundaries to use our product you can also make some tea out of our product because of the powdered consistency. Lemongrass also has lots of benefits to our body the example is it can helps your digestion, control cholesterol levels, also helps reduces colds and flu.

We sure our product can compete with other company that also specialize in herbs and spices, because our product is a new invention and also helpful for people that need substitute for fresh lemongrass.

#### **5.2 SUGGESTION**

1. The product can be smoothed with a blender.
