

Jackfruit Seed Chips

R&D

Ingredients :

500 gram Jackfruit seed (from whole fruit)
2 tbsp sugar
1 tbsp salt
2 tsp ground coriander
1 tbsp garlic powder
1 tsp blackpepper
water as necessarily
frying oil

Method :

1. Take the jackfruit seeds out, wash it with water
2. Put it into boiling water until soft, drain
3. Slice thinly into pieces (about 2-3mm)
4. Marinate with sugar, salt, ground coriander and garlic powder
5. Deep fry into pan until the color turns golden brown
6. Rest it until room temperature then put into the packaging
