

## **CHAPTER V**

### **CONCLUSION**

#### **5.1 Conclusion**

Drinking milk and be healthy doesn't need so much money because of our product is very cheap and affordable. And we believe with this product the young generation would never malnutrition and they will live a healthy life because our cheap product. Also we believe that we can be the influencer in the future and we can beat any other competitor, because our ingredients is cheap and we sell under the conventional milk.

#### **5.2 Suggestion**

Komak Milk could compete with other milk product. Future development still needed by the product itself for example with other variety of processing for different kind of tastes. Komak Milk will be distributed in the nearest groceries store or online store.
