#### **2.1 About Métis Restaurant & Gallery Bali**

First operating in 2009, this restaurant was born of a creation of two prolific maestros, the Bali culinary legend Nicolas ‘Doudou’ Tourneville, and an art lover, Said Alem. “Both Chef Doudou and I wanted to offer something new and unique which is a combination of French-Mediterranean dining, art and Asian culture. With our immaculate taste in both cuisine and art, we believe that MÉTIS can become a sanctuary for connoisseurs and art lovers.”

With an excellent interpretation of classic French cuisines with a Mediterranean twist, the award-winning restaurant combines a classical fine dining concept with lush tropical beauty in an elegant establishment located in the heart of Seminyak. Situated strategically in the thriving area of Petitenget, MÉTIS is at close proximity to Seminyak’s luxury hotels and resorts, notable shops, sights, lifestyle and cultural attractions.

This awe-inspiring establishment composes a mix of elegant, contemporary French interior with local influences. Earthy-coloured stones, natural timber, glass walls, wood and bamboo make up the solid architectural structure providing a warm ambience semi-alfresco dining concept that overlooks a stunning view of tropical garden.

At the helm of the kitchen are chef Doudou and Executive Chef Dove, and with extensive years of experience, together they collaborate and share inspirations, knowledge, cooking techniques and methods with the whole team to ensure a high standard in every aspect and deliver the most exquisite culinary adventure to aficionados.

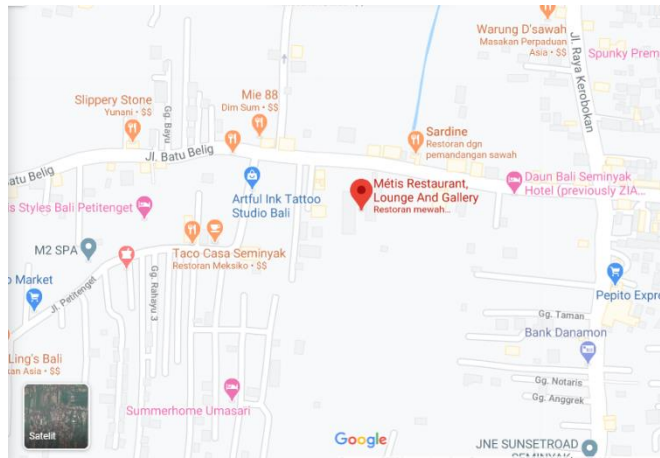

The never-ending commitment in pairing fine dining and fine art in Bali has made MÉTIS an icon in the Bali fine dining scene. As a result,

numerous international acclains have been received over the last few years including a Wine Spectator Award of Excellence and inclusion in Asia's top 20 restaurants in the Miele Guide Best of Asia, 2013.

In the words of Victor Hugo in *Les Misérables*, one's every aspiration can be found in the enchantment of a garden at night: "A garden to walk in," he writes, "and immensity to dream in—what more could he ask? A few flowers at his feet and above him the stars."

Seminyak's Métis Restaurant, Lounge & Gallery pays homage to Hugo's sentiment in its newly unveiled Le Jardin. An expansion of its signature Balinese garden and vision of a landscape designer, Le Jardin welcomes guests to enjoy Métis's signature *haute* French Mediterranean cuisine in the setting of fragrant tropical foliage, beneath a canopy of stars.
