

CHAPTER I

INTRODUCTION

1.1 Background of Study

Internship is an experience that should enhance a student's academic, career, and personal development under professional supervisor. The internship program is not only for building skills, but also to build a good connection which is used for their professional networks in the future. With an internship program, hopefully we can pass the qualification to work in a professional work place.

There are many section of Oku Kitchen Department in Hotel Indonesia Kempinski Jakarta. It is a pleasure to be a part of their team and learn so many new techniques and product knowledge. The writer personally feel this internship program give the writer some positive impacts not only in skills but also to build good relationship with the employees.

After finishing the internship program we can have integrity, quality and experience as a hospitality person. We are not just academically applying the theory that we get from Akademi Kuliner dan Patiseri OTTIMMO Internasional but, we also learn about discipline and responsibility in real work life.
