OUR PRODUCT

Donat Kulit dan Biji Durian

The Durian Doughnut using the waste parts of the durian is a new product that made because of what action we can do to help saving the environtment that also have a lot of nutrition that our body need.Durian doughnut could be the perfect snack for every ages because of the nutrient benefit and also the health benefit that we can get when we counsume the doughnut.

With the selling price that relatively low 10.000/pcs, we don't target on particular market but we hope that we could sell the doughnut that have a high standart of quality to every market and every people that like durian fruit.

THANK YOU
