

## PREFACE

First of all, I would like to thank God for his grace that give spirit and guidance to complete this Research and Development. This report is to introduce new product that never been before. I would like to help people create more innovation and creativity in food production. Create healthy food that can bring good benefit every food in the future.

I have much support during I make this Research and Development report, I would like thanks to Ms. Irra Chrisyanti Dewi as my mentor that help to understand the guidelines of RnD and every little things about RnD, Ms.Nurul A. Choiriyah as nutritionist that help me to understand every benefit of ingredients and nutrition that contain in my product. Mr. Zaldy Iskandar as the Head Director of OTTIMMO International. My parents that help me to achieve good education.

Finally, I hope that this Research and Development Report will be useful for the readers and bring the good impact in food production.
