History

The form of the business that I make is my own business called Kulwan kitchen, because in my opinion the name has the number one culinary meaning. the beginning of the establishment of kulwan kitchen was established in 2021. Kulwan kitchen not only sells snacks, but also sells various kinds of food and drinks

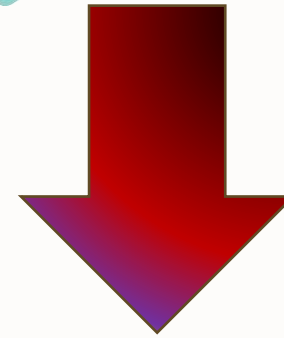

VISI

There is an opportunity to open a business field and be able to compete with competitors who make brulee bomb

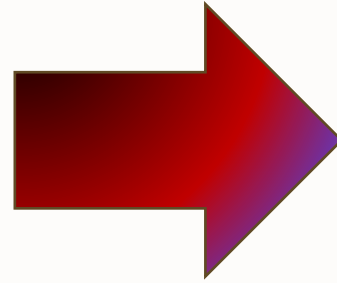

MISI

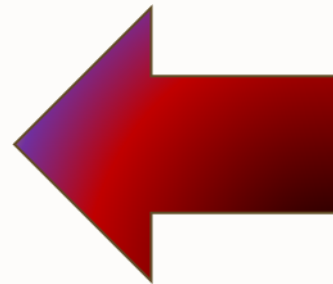

Want to introduce this product not only in the country but abroad, because this product that doesn't exist yet

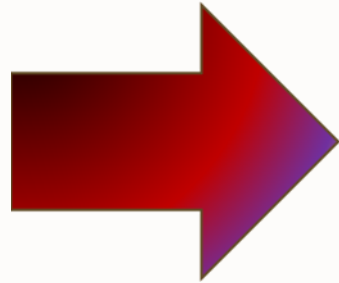

SWOT

- Can be served for all ages from children to the elderly
- Motivating to compete is one of the company's drivers

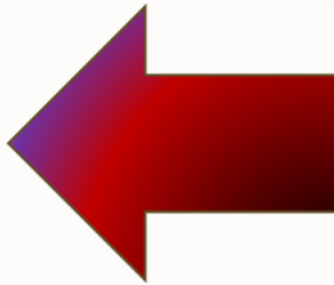

If a new product is successful, many competitors will imitate the new product.

There is an opportunity to open an Oat's Brulee Bomb vegetable business

- There is a competitor with the old brulee bomb
- It can allow people not to try new products and be more interested in old products.

Our Product

The brulee bomb that I made is a modified menu and in the selection of ingredients I choose ingredients that are still fresh and fresh. main ingredients such as long beans, tempeh, and oatmeal. Because these ingredients contain nutrients. why do I mix it with lodeh, because peanuts and tempeh are one of the components of lodeh.

the selling price of our product is 40,500/pack.
