

PREFACE

As for the beginning, I would like to thank my Holy God, Jesus Christ for his blessings and spiritual guidance in order for me to complete this Research and Development report. The main purpose for this report is to help each student in Ottimmo to be creative and innovative as we have to create a whole new product that never been in Indonesia. One of the reasons why I come up with the idea of making Gluten free donuts with Sunkist rind flour is because I want to create a delicious with high in nutrients and have many healthy benefits.

During this process of completing this report, I received so much guidance and support. By this, I would like to express my gratitude to the names below:

1. My parents who have supported and provided me to achieve good education and as a family role to help me in personally.
2. Chef. Michael Valent as my RnD mentor who have helped me in so many things in order for me to understand the guideline for making this report.
3. Ms. Nurul A. Choiriyah who have helped teach me about nutrition facts.
4. Mr. Zaldy Iskandar as the head Director of Ottimmo International.
5. My dearest sister, Ms. Jennifer Eksan who help me making the design of the logo and product label.
