

PREFACE

To begin, I would like to express my sincere gratitude to my Heavenly father, Jesus Christ, for his blessings and spiritual guidance in letting me to complete this Research and Development report. The major objective of this research is to encourage each Ottimmo student to be creative and innovative, as we are establishing a completely new product that has never been seen before in Indonesia. One of the reasons I decided to make Goguma Mooncake is that I wanted to create a delicious fusion dessert that was high in nutrients and had many health benefits.

During this process of accomplishing this report, I received so much guidance and support. By this, I would like to express my gratitude to the names below:

1. My parents who have supported and provided me to achieve good education and as a family role to help me personally.
2. Mr. Arya Sundjaja as my advisor who has helped me in so many things in order for me to understand the guideline for making this report.
3. Mr. Zaldy Iskandar as the head Director of Ottimmo International.
4. My dearest friend, Mr. Dio Christopher who helped me through the making of this RnD project and giving a lot of suggestions.
5. My dearest brother, Mr. Yerikho Sabanari who has supported me emotionally and physically in order for me to finish this report.
6. Myself who have put so much effort in the whole process of making this report
