## **INTRODUCTION**

### **1.1 BACKGROUND OF STUDY**

Industrial training provides students with significant skills and practical knowledge and motivates them to become a professional and successful engineer. The students will gain both theoretical and practical knowledge during the training period. There are different courses taught under industrial training. The minimum training period is 6 months. Once the students successfully complete the training, they should go through the training assessment. The students qualified will be given a degree according to the training they have obtained. Industrial training offers the obligation for real-time work and job offers. The students can select their career in different work environments. It is important to update your existing skills with industrial training courses so that it helps you in landing better job opportunities

Because of the covid 19 pandemic, the selection of industrial training venues is very crucial. Seeing the growth of Bali's tourism after the pandemic began to subside. Bali one of the best provinces to conduct industrial training in Indonesia and Bali also one of the most popular tourism center in Indonesia. Bali is famous for its beach clubs, cafes or restaurants and also some good hotels, with good hospitalities. With so many beach clubs, cafes or restaurants and hotels open in Bali, the author's curiosity brought him to one of the famous hotels which is part of Marriot group called Andong teras in Element hotel by Westin Ubud to find out more about management and how it works there.

On February 8<sup>th</sup> 2022 until May 8<sup>th</sup> the Author managed to be a part of the Element hotel by Westin Ubud team as Pastry / cold kitchen Team. Element hotel by Westin Ubud is located at Jl. Raya Andong No.88, Petulu, Kecamatan Ubud.

Then in Element hotel there is a restaurant called andong teras Restaurant where it specialist in balinese and indonesian food. After 3 months in element

by westin ubud I decided to do an internship at Kanvaz Patisserie because I want to focus my experience on bakery, I chose kanvaz patisserie because kanvaz patisserie is one of the french patisserie, with its products that are still thick with french culture , then in Kanvaz I apply it to fast learning such as memorizing menus and preparing in time 1 week, and many more, because I think it's one that can make me grow, the author has succeeded in being part of the Kanvaz Patisserie Vincent Nigita team from May 11<sup>th</sup> 2022 until August 11<sup>th</sup> 2022 as a Team in the Bakery.
