**RECIPE BACKGROUND (50 – 100 WORDS)**

I chose Takoyaki because I love Japanese food and Japanese Cuisine. I want all people to experience the street foods of Japanese cuisine. I want to do research mostly on changing the takoyaki batter and katsuobushi to become vegan. People who usually make vegan takoyaki just left out the katsuobushi and just left out the egg, for me i want to develop the vegan takoyaki recipe so there's no nutrients lost and i want the takoyaki to taste like the original.
