APPENDIX

1. Approved Recipe

Recipe Name : Antioxidant Herbal Drink

Title Of C&D : Utilization Of Beton For High Antioxidant Herbal Drink Using Drying Method

Yield : 1 Tea Bag

Main : 3 gram Beton (Jackfruit seed)

Ingredients

Ingredients :

- 3 gram Dried jackfruit seed , crusted
- 2 gram Dried Jackfruit Flesh
- 0,5 gram Dried Butterfly Pea Flower
- 0,5 gram Dried Mint Leaf

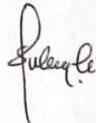

Method

1. Peel the skin of the jackfruit seed
2. Slice the jackfruit seed into small size
3. Dry the jackfruit seed for 24 hour
4. Crush the seed into small size
5. Dry the jackfruit flesh , butterfly pea flower and mint leaf
6. Set the portion in grams (3 grams of Beton , 2 grams of Dried jackfruit flesh , and 0,5 gram of butterfly pea flower and dried mint leaf
7. Pack into the tea bag
8. serve the herbal drink with hot water in 100 -150 ml , add some honey (optional)

RECIPE BACKGROUND (50 – 100 WORDS)

Beton is jackfruit seeds , and jackfruit seeds contains many nutrients such as carbohydrates, proteins, vitamins, minerals and anti-oxidants which are commonly used to maintain the immune system. Jackfruit have the benefits for preventing and fighting cancer, keeping digestion healthy. Butterfly pea flower have the benefits of butterfly pea flowers are high in antioxidants and reduce the risk of hypertension and heart disease. Mint leaf can also maintain healthy teeth and mouth and prevent food poisoning. I choose jackfruit and butterfly pea flowers and process into herbal drinks for their benefits high in anti-oxidant

NOTES :

- There's no taste of the jackfruit at all, only mint. I'm not sure that there's any extraction of the jackfruit and jackfruit seeds, so will you actually get the benefit of the ingredients?
