

## **CHAPTER V**

### **CONCLUSION**

#### **5.1 Conclusion**

There are so many healthy snacks demands of the local food industry. It makes the local food industry have to compete for issuing various innovations and good research and development products. We take advantage of this situation by introducing our product. The Cempedak itself is rich in benefits like nutrients, high fiber, etc. we make this chips with no MSG which is safe for everyone to consume. We sure this product can complete with other product in the market. Especially supported by the market demand for healthy products.

#### **5.2 Suggestion**

We will change our packaging to full aluminum . The reason why we are planning to use this packaging because we want our product always maintained and using friendly environmentally m, in the future our product will package with vacuum on inside and we will use the paper aterials and also use BPOM, to ensure our products can be more reliable and high quality.
