

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

The use of the duck as substitute of other kind of meat is because the large supply of duck meat compared to the low usage of duck meat is the reason of why I am using this duck meat.

Because meatballs are one of comfort food of many people in Indonesia and I hope of making a breakthrough by making new innovation of using the duck meat.

5.2 Suggestion

The texture of this meatballs needs to be chewier, and we can improve it by adding more tapioca starch so it can be chewier. And for the taste it needs to be stronger, because when boiling it in the water some of the seasoning is dissolving into the water making it needs to be seasoned more so it can taste perfectly.
